OUR GOAL IS TO RAISE

\$50,000

Urban-Learning.org/Fall-Ball

The Urban Learning Collective’s Fall Ball is an opportunity to invest in urban communities by expanding access to academic, personal, and professional growth opportunities. 100% of the event’s proceeds will go **directly towards the Haberman and Tyler Urban Advancement Program.**

Launched in 2022 in recognition of our founders Dr. Martin Haberman and Jean Taylor, this program supports the advancement of urban communities through learning opportunities, mentoring and support, and resource fulfillment. The program provides funding to close access and opportunity gaps for urban educators and scholars engaged in ULC’s MESA school and programming.

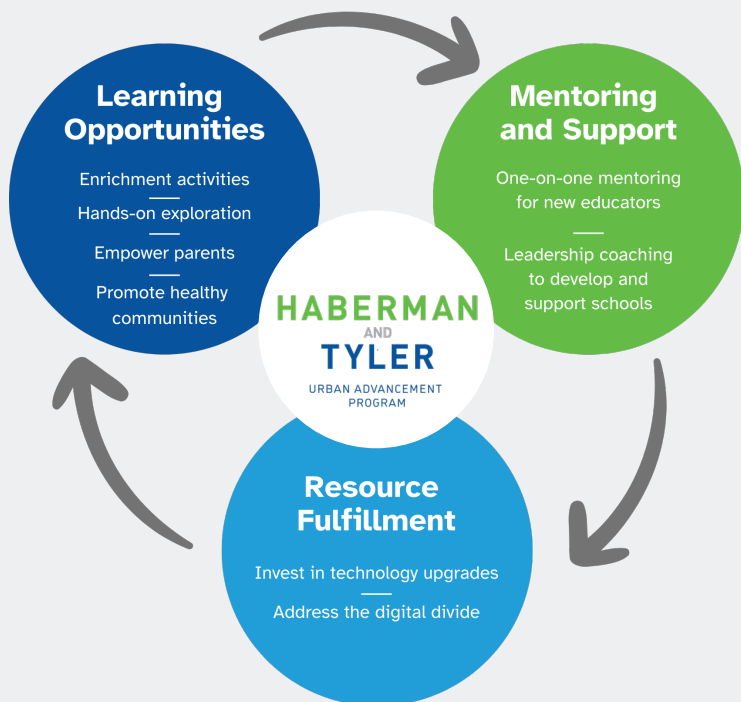

By sponsoring this event, you directly provide the resources ULC needs to fully support educators and scholars as they shape tomorrow’s leaders. Sponsorships start at just \$500 and provide many opportunities to promote your business.
